Landrat darkly says, "Three? I heard and saw only 2 and a question about a possible third, if ye has another please let us know."

Anta says, "Myself and Ohnus were nominated and accepted, Cheas nominated Alexys."

Cheas says, "Alexys was apparently refused by most officeres."

Anta asks, "Evidence of refusal?"

Aisalt softly says, "All I stated was I had qualms about it."

Ranpalandil says, "Maybe not gladly accepted, but not refused."

Landrat darkly asks, "Aye, be it an official nomination fer Alexys?" "Under de by laws der must be a nomination and second, and dat be why I nay considered it yet."

Kizalia says, "I didn't refuse it, I just don't know her in order to comment. She's not been to any meetings or events that I have previously."

Nattor asks, "I've never once seen that person show up to a meeting, we're taking abseentee officers?"

Speaking to Nattor, Cheas says, "She was a founding member of the house along with Rasti."

Aisalt softly says, "That was my main concern. Someone returning to the hall after a long hiatus and jumping right into the Guardian chair." "I think we all need someone that knows the members now and has been active in the hall." "We need someone who knows who she/he is working with."

Speaking to Landrat, Cheas says, "I agreeing with Aisalt so i withdraw my nomination for Alexys."

Landrat darkly says, "Fellow members dis nomination wit no second has been withdrawn."

"Any new nominations?"

"Okies we said last week and it was posted in the minutes that we open dese nominations fer one week."

"Wif no further nominations, den we needs close de nominations and open de vote."

"Moved and seconded, so nominations be closed and de vote will begin forthwiit."

Ranpalandil says, "Anta and Ohnus, I think you would both do a good job and I wish you both luck."

Ranpalandil then opened the vote for Willow Guardian.

Kizalia says, ""The library records are current. And there's been no word as yet from Alyias on our plans for the Harvest Festival or prize closet items."

"I'm not the official Seneschal, but the only events that I have helped plan is the Harvest Festival which comes up the middle of next month. I'm working on putting together a Willow Hall siegery tournament for the following month but the plans have not been laid down yet for the officer's review."

Ranpalandil says, "Bounty help tomorrow."

Landrat darkly says, "Aye, we has a bounty help tomorrow night at 10 elven if I be right. Any dat can come will be appreciated."

Ranpalandil says, "Oh, and unless someone else wants to run it we will drop magic mixer."

Landrat darkly says, "I agree Ran, der has been little support fer dis from our partners."

Aisalt softly asks, "We could incorporate it into the bounty event?"

Landrat darkly says, "Much of what was offered is already offered at de bounty events.""Any disagreement wit dropping de

magic mixer from de schedule?"

Selvan says, "I think incorporating it is a great idea. So far I have only offered spells for the bounties."

Landrat darkly says, "I takes de no answers as agreement and we drops de magic mixers den."

Landrat darkly asks, "Okies and our last bit of business is de parliament. Ohnus if ye would?"

Ohnus says, "Items 1,2,4 and 5 from the list of taks given us have been thru voting and to be submitted for approval." "I believe the officers were sent details." "3 has been decided." "3 is still left to discussion as well as defining the seneschal and librarian positions."

Kizalia says, "Thank you to all who have worked so very hard in the Parliament on the issues that were set out. It was no easy task."

Landrat darkly says, "I believes dat day who has works hard deserves all of our appreciateion we gave dem no simple task. Ye are verra right Kizalia." "Ye has my personal tanks fer de time and effort, I submit to de officers dis list to be voice vote approved or nay and added to de by laws of de Hall."

Anta says, "I've reviewed all of the items and I approve all of them."

Kizalia says, "I agree as well."

Aisalt softly says, "As do I 100%."

Cheas says, "Yesum i approve o ze parliament stuff dat was on ze scroll."
